If the system is does not meet ISO 9000/AS9100 then the system is subject to review and/or approval by Skills Quality Assurance and/or Purchasing.</p> <p>Suppliers with ISO 9000/AS9100 must provide Skills with certifications. Suppliers shall provide Skills with written notification if certification/recertification is cancelled or has been rescheduled past the required certification date.</p>
QC3	<p>If a Certificate of Conformance (CoC) is required per the purchase order, the document must specify all applicable information:</p> <ul style="list-style-type: none">• Skills Inc. purchase order number• Purchase order line number• Skills Inc. part number• Quantity• Unit of measure• Manufacturer's part number• Batch/Lot• Expiration date• Material/process specifications• Material Test Reports (MTR/CoA)• Quality statement certifying the contents meet the specified requirements.• The revision and/or configuration of all material and controlling specifications must be identified on the document <p>Distributors of hardware, raw materials, chemicals, adhesives, tapes, paints, etc. are required to include copies of the original manufacturer's certifications and test reports. Documentation shall include all applicable information listed above.</p> <p>All documents shall be traceable through the purchase order number and line or similar means of material transfer identification.</p>
QC4	Obsoluted

SKQ 3420 Skills Inc. Supplier Quality Requirements

Rev G 10/14/2019

QC5	<p>The suppliers of Adhesives, Chemicals, Tapes, and Paints, shall provide material identification on each individual container and or certification as specified on Skills Inc. Purchase Order and/or applicable specifications.</p> <p>Material Identification shall include as applicable:</p> <ul style="list-style-type: none">• Date of Manufacture (DoM)• Date of Expiration (DoE)• Batch/Lot• Material Test Reports (MTR/CoA) results <p>Unless otherwise approved by Skills Inc. Buyer prior to the shipment the product must meet a minimum of 75% shelf life at the time of delivery/receipt.</p>
QC6	Obsolete
QC7	Obsolete
QC8	<p>Calibrate & certify in accordance with ANSI/NCCL Z540.1, Z540.3 or ISO 10012. Calibration certification to include as a minimum, the following:</p> <ul style="list-style-type: none">• Nomenclature of instrument & serial number• Statement of traceability to N.I.S.T, and traceability number• Signature & title of person performing calibration• Value of degree of accuracy• Statement of adjustment required or no adjustment required• Before & after readings of all values verified
QC9*	Supplier must keep different lots of the same part number separated through their process.
QC10*	In addition to drawing/specification requirements, all products must be identified and/or controlled.
QC11	Inspection status shall be recorded on the pack slip/Certification of Conformance. Evidence of inspection shall be documented and retained by the supplier. Product shall have a protective sleeve or equivalent protection to prevent damage. The parts must be boxed, banded, or shipped in a manner that ensures no damage will occur. External threads should have special protection against damage.
QC12*	Skills and/or Skills customer, regulatory, or government representatives will have the right to survey facilities and review all processes, subcontractors, contracted parts, procedures, and records.
QC13*	Subcontracting of any kind without written consent of Skills Quality and Contracts Engineering is prohibited. Subcontracting parts, processes or work movement of any kind must be reported in writing to Skills and approved in advance of the implementation. A transfer of manufacturing location or facility relocation is considered work movement.

SKQ 3420 Skills Inc. Supplier Quality Requirements

Rev G 10/14/2019

QC14	<p>All engineered drawings, PCM's, datasets, tooling, etc. (customer or Skills derived) and/or provided by Skills are to be treated as Skills property and must be handled in accordance with AS9100 8.5.3 Customer Property requirements and returned with the order.</p> <ul style="list-style-type: none">• Tooling should be handled in accordance with D33200-1 and D950-11059-1 as applicable.• PCM's should be handled & stored in accordance with D950-11288-1.
QC15	<p>NADCAP Approval Required. Supplier shall be NADCAP approved per applicable AC document listed on Skills Inc. ASL.</p>
QC16	<p>Obsoleted</p>
QC17*	<p>Supplier shall maintain, on file at the supplier's facility, quality and manufacturing records traceable to the conformance of product/part numbers delivered to Skills Inc. Supplier shall make all records available to any customer, regulatory authorities and Skills authorized representatives. At a minimum, the Supplier shall retain all quality records (11) years from the date of shipment under each applicable order for all product/part numbers.</p> <p>No quality records shall be destroyed without the written consent of a Skills Inc. Quality representative.</p>
QC18*	<p>Contributions to Product and Service Conformity, Product Safety, and Ethical behavior- Products and services provided to Skills Inc. may be used in critical applications where supplier product conformity can have an impact on the safety and well-being of people.</p> <p>Skills Inc. suppliers should communicate awareness of their contribution to product conformity, safety, and the importance of ethical behavior.</p>
QC19	<p>Unless otherwise specified, process to current revision level as noted on the Boeing Supplier Portal.</p>
QC20*	<p>Nonconforming products deviating from drawings, purchase orders, specifications, or procurement requirements must be submitted to Skills, Inc. on the Supplier's Nonconforming report form or other methods the supplier uses to communicate a written notification as soon as identified. Must state the following at a minimum:</p> <ul style="list-style-type: none">• Affected Process(es) or Product Number(s) and Name(s)• Description of the nonconforming condition and the affected engineering requirement (I.E., What it is and what it should be)• Quantities, Shipping Dates, Purchase Orders and Destinations of delivered shipments Suspect/Affected Serial Number(s) or Date Codes, Lot Numbers, or other Part Identifiers when applicable. <p>Unless otherwise directed the supplier shall return all non-conforming product to Skills Inc. quality department. If issued, Skills Inc. supplier corrective action request (CAR/SCAR) must be submitted within the allotted time.</p>

SKQ 3420 Skills Inc. Supplier Quality Requirements

Rev G 10/14/2019

QC21*	Suppliers shall notify Skills, Inc. with any changes to products, materials, supplier's location, process, equipment, sub-tiers suppliers, base/raw materials, etc.
QC22*	The Supplier is responsible for ensuring that all applicable requirements are flowed down to any Sub-tier Supplier used. Reference QC13 above.
QC23	(Including ITAR, EAR, and regulations and orders administered by the Treasury Department's Office of Foreign Assets Control collectively, 'Export Control Laws') Important/Confidential: This PO (and any drawings and/or attachments accompanying it) may contain confidential information, including information protected by United States Government. The information is intended only for the use of the intended recipient(s). Delivery of this PO to anyone other than the intended recipient(s) is not intended to waive any privilege or otherwise detract from the confidentiality of the PO. If you are not the intended recipient, or if this PO has been addressed to you in error, do not read, disclose, reproduce, distribute, disseminate or otherwise use this information, rather, please promptly notify the sender by phone or e-mail, and then destroy all copies of the PO and its attachment, if any. Note: No subcontracting of this PO is allowed (See QC Note 13) and Skills Incorporated does not maintain any Manufacturing Licensing Agreements (MLA), Technical Assistance Agreements (TAA) or Manufacturing Agreements (MA) in regards to this PO.
QC24	Suppliers utilizing Skills Inc. supplied Digital Product Definition (DPD) for the purposes of manufacturing and/or inspection of Boeing product must hold DPD approval from Boeing in accordance with D6-51991 or have DPD approval from Skills Inc.
QC25	Specialty Metals delivered under this PO shall be melted or produced in the United States, its outlying areas, or a qualifying country. DFARS 252.225.7009
QC26*	Seller agrees not to make any change in materials, processes or design details of the part without written approval from Skills Inc. This shall include changes in materials, processes or design details. In addition to these changes, changes that would affect the part or any component part thereof with regard to (a) part number identification, (b) physical or functional interchangeability, and (c) repair and overhaul procedures and processes and material changes which affect these procedures without prior written approval of Skills is prohibited.
QC27*	Supplier shall put in place a program to avoid, detect, and mitigate counterfeit parts and materials. Suppliers should reference AS6174 for guidance. Suppliers should also flow down counterfeit parts programs requirements to their sub-tiers, especially but not limited to: <ul style="list-style-type: none">• Electronic parts• Raw Materials suppliers• Distributors
QC28*	Supplier should maintain a FOD prevention program in accordance with AS9146, Foreign Object Damage (FOD) Prevention Program to the extent necessary as determined by Skills Inc. supplier monitoring of risk.

SKQ_3420 Skills Inc. Supplier Quality Requirements

Rev G 10/14/2019

QC29*	In addition to meeting Skills Inc. SKQ_3420 Skills Inc. Quality Requirements, the Supplier is required to meet SKQ_3415, Skills Inc. Customer's Terms and Conditions as flowed down on Skills purchase order. Both documents may be located by contacting the Skills Inc. Buyer or on the Skills website under "Suppliers" https://www.skillsinc.com/about/suppliers/
QC30*	If required Supplier shall take appropriate action and respond to Skills Inc. with a formal corrective action report, either using Skills Inc. form SKQ_3151 or the Suppliers internal form meeting the intent of SKQ_3151, Corrective Action Report, unless otherwise approved by Skills Inc. Quality or Purchasing representative. Supplier shall respond within ten (10) business days unless otherwise approved by Skills Inc. Quality or Purchasing representative.
QC31*	Supplier shall comply with the AS9100 requirements and 14CFR Part 21.2 regarding the application of the Acceptance Authority Media (AAM) requirements. Supplier shall ensure that the use of AAM is clearly defined within its processes/systems. Supplier shall, upon Skills Inc. request, be able to demonstrate evidence of communication to its employees. The use of AAM must be considered as a personal warranty of compliance and conformity. The Supplier should assess AAM as follows: <ul style="list-style-type: none">• Authority Media Application Errors (i.e. Omission, Typos, Legibility, etc.)• Authority Media Application Untimely Use (i.e. Documentation is not completed as planned, "Stamp/Sign as you go", etc.)• Authority Media Application Misrepresentation (i.e., uncertified personnel, Falsification of documentation, Work not performed as planned, etc.)• Authority Media Application Training Deficiencies (i.e. Ethics, Culture awareness, Proper use of authority media, etc.)
QC32	Seller hereby acknowledges that the parts and/or materials being shipped under this order are intended for use under Boeing's Federal Aviation Administration (FAA) issued Production Certificate (PC) 700 and no articles (or constituent parts thereof) or the accompanying paperwork (e.g., packages, shippers, etc.) contain any Federal Aviation Administration-Parts Manufacturer Approval (FAA-PMA) markings.
QC33*	Supplier performance will be monitored and communicated by Skills Inc. To remain on the Skills Inc. Approved Supplier List, suppliers must maintain a Quality/OTD rating above 89%. Quality and OTD ratings below 89% may require corrective action or lead to removal of supplier from the Skills Inc. ASL.
