2-WEEK INTERNSHIP SESSIONS

Session A: June 20 – July 1

Session B: July 11 – 22

Session C: August 1 – 12

Monday-Friday, 9am-2pm.

One session per applicant.

Deadline to apply: May 6, 2022

This **paid, part-time summer internship** is a great way for students to learn manufacturing and work readiness skills directly from industry professionals. Skills Inc. is one of the largest aerospace suppliers in the Northwest, and is guided by these principles: focus on abilities and job fit, high expectations for all, and a culture of inclusion.

Apply for Skills Inc.'s Summer 2022 Intro to Aerospace Manufacturing Internship by **May 6!**

Steps to Apply:

1. Submit the Pre-Employment Transition Service (Pre-ETS) Approval 2-page form. [contacts below to request form]
2. Once approved, submit the 2022 Manufacturing Internship application on the Skills Inc. online hiring portal. (coming soon)
3. Complete all requirements assigned by Skills Inc. Human Resources (includes basic background check, drug test, and verifying personal identification documents).
4. Receive official communication from Skills HR via phone/email to confirm start date.
5. Show up on time for Day 1 Intern Orientation at our headquarters in Auburn.
